

# LIOS BOOSTER OIL K-Technology

**Accelerating additive for oil-based products**

## Description

LIOS BOOSTER OIL K-Technology is an accelerating additive specially formulated to reduce the drying times of oil-based products, even when planning to recoat with bicomponent products.

## Characteristics

Application temperature	+10°C ÷ +25°C
Addition	20% Max
Storage stability	1 year <sup>(1)</sup>
Packaging	0,2 L

1 in original sealed containers at temperatures between +10°C and +25°C

## How to use

Add LIOS BOOSTER OIL K-Technology whilst stirring in the quantity indicated above (20%) to the oil-based products, making sure that the additive is mixed homogeneously; then use the mixture according to the methods indicated in the relative technical data sheet of the product concerned. By adding LIOS BOOSTER OIL K-Technology into one of the products of the LIOS Bioil Colorato and/or LIOS Bioil Trasparente line, it is possible to reduce the overcoating time from 72 to 24 h with bicomponent products. It is always advisable to carry out a preliminary test before overcoating, which consists in passing a cotton cloth to check if the oil releases colour; in such case, wait another 24 h, making sure to have air recirculation inside the room to ease drying.

## NOTES:

It is not recommended to add a quantity of LIOS BOOSTER OIL K-Technology higher than the recommended dose, as it could modify the final appearance and create incompatibility in the system.

Once opened, the package must be consumed in its entirety.

## Label elements

· Flammable liquid and vapour. · May cause respiratory irritation. · May cause an allergic skin reaction. · May cause drowsiness or dizziness.

· Contains isocyanates. May produce an allergic reaction. · Repeated exposure may cause skin dryness or cracking.

· Keep away from heat / sparks / open flames / hot surfaces. No smoking. · Wear protective gloves / protective clothing / eye protection / face protection. · In case of fire: use water to extinguish. · Avoid breathing dust / fume / gas / mist / vapours / spray. · Call a POISON CENTER or doctor / physician if you feel unwell. · Store in a well-ventilated place. Keep container tightly closed. · Dispose your waste in dedicated collection points.

Contents: N-BUTYL ACETATE; HEXAMETHYLENE-1,6-DIISOCYANATE HOMOPOLYMER;
