

DILUENTE DR H2O

Retardant thinner for water-based product

Description

DILUENTE DR H2O is recommended when varnishing large areas and with hot room temperatures. Dilute up to 5-10%.

Characteristics

Appearance	colourless liquid
Specific weight	1 Kg/l
Packaging	1 L - 10 L
Storage stability	1 year ⁽¹⁾

1 in original sealed containers at temperatures between +10°C and +25°C

How to use

Chimiver water-based lacquers, both single and two-component, are ready to use.

However, in special situations, such as high temperatures, low ambient humidity, large surfaces to be painted, it is possible to add the DILUENT DILUENT DR H2O in quantities between 5-10%. Dilutions greater than the indicated quantities could compromise the final appearance of the painting.

Label elements

For more information about the safe use of the product it is recommended to consult the latest version of the Safety Data Sheet.
