Application temperature	+10°C ÷ +25°C
Storage stability	1 year ⁽¹⁾
Packaging	1 L - 5 L

1 in original sealed containers at temperatures between +10°C and +25°C

Available Versions

0010 Giallo medio	0020 Rosso ossido	0021 Magenta
0080 Nero	0090 Bianco	

How to use

CAC are not ready to use, but need dilution which can vary according to the desired intensity and kind of application. Diluted and in combination with special vehicles can be applied by spraying or with roller coaters. They can be mixed with concentrates of the CUC series in any concentration so to obtain variations of coverage and brilliance. CAC are suitable for coloring indoor water-based finishes.
