VELUREX CleaneRobot

Detergent for robot floor cleaners

Description

VELUREX CleaneRobot is a detergent specifically formulated for robot floor cleaners and charging stations (towers). It removes stubborn dirt, streaks and residues from a wide range of floors, leaving surfaces bright and sanitized, without excessive foam or sticky residues that could compromise the robot's operation.

Characteristics

Application	Robot floor cleaners and charging stations
Thinning (if necessary)	water
Fragrance	Floral
Packaging	1 L

How to use

Compatible floors:

Tiles	Parquet	Microcement	Resin
PVC	Linoleum	SPC	LVT

Pour half a measuring cap of VELUREX CleaneRobot for each liter of water into the robot tank, shake gently and start the cleaning cycle normally.

Daily cleaning: 1/2 measuring cap per liter of water.

Heavy dirt: 1 measuring cap per liter.

1) FILL THE TANK	2) ADD THE PRODUCT	3) MIX AND START
Use water at room temperature	Half a measuring cap for each liter of water	Shake, insert the tank and start the robot normally

Heavy dirt tip: increase up to 1 measuring cap per liter. At the end of the cycle, run an empty pass with water only to rinse the surfaces.
